

ITALIAN IN SPIRIT, All Day Everyday

Since its inception, **Roadhouse Cafe** has been committed to embracing the utmost standard of service and quality as the preeminent hospitality brand

The Roadhouse Cafe at Hallan Chowk in Pokhara, unlike any other restaurant in the bustling lakeside area, serves as a landmark due to the emphasis placed on its unique structure and the extra courtesy shown to the architectural exteriors. Blues, a popular song by The Doors, inspired the brand's initial rollout and the moniker.

Roadhouse Café in Pokhara was established in 2017 under Roadhouse Group as one of the first Nepali chain restaurants built on the lakeside. Roadhouse Group decided to expand to Pokhara, considering the boom arising within the Kathmandu Valley and the demand for the iconic Roadhouse Pizzas amongst

locals and visitors travelling from Kathmandu to Pokhara. Additionally, Roadhouse Group had long recognised the potential of serving Pokhara's emerging markets and had always reckoned that expanding in Pokhara would also assist in the company's dine-in trends.

The restaurant is a double-storey structure with outdoor space on the second floor where people can enjoy the street view of the famous lakeside area.

Since its inception, Roadhouse has been committed to embracing the utmost standard of service and quality as the preeminent hospitality brand. Patrons have been attracted to the high customer service standards, hospitality, exquisite gastronomy,

and peculiar ambience of Roadhouse Café, Pokhara. Along with alternatives like regional specialities and various Asian options, Roadhouse Café in Pokhara takes pride in serving Italian cuisine.

Once inside the roadhouse café, a comforting aroma of delectable foods and spices gives a delicious welcome. On-brand décor and accommodating furniture placement make the roadhouse café a chill place to hang out with friends and family and for any gathering and meeting. Lighting set the tone, and music set the mood at the roadhouse café. The roadhouse café is decked out in rustic enchantment, with subtle warm lighting, neutral wood theme

colours, and antique hanging lights. The café offers a tranquil, convenient atmosphere thanks to the meticulously tuned relaxing music.

The signature dish at the Roadhouse Café Pokhara is their authentic Italian pizzas, which are tended daily with a swirl of skilled craftsmanship and ingredients that are meticulously sourced from reliable local and international vendors. With every bite, you'll

savour how meticulously and cautiously each pizza is baked.

The signature artisan pizzas are manually hand-stretched and baked to perfection at a temperature of 400° Celsius. As a result, the pizzas are crisply scorched on the bottom, tender and crackling crisp on the top, and the baking course in the oven adds the blistered and smoky flavour

to the pizza.

In contrast to its iconic gourmet pizzas, Roadhouse Café also serves a broad assortment of delectable local delicacies and various Asian options, including iconic carbonara, enchanting smoked dumplings, tantalising pan-seared fish, and a plethora of scrumptious plates of pasta, nutritious soups, and salads. You can also indulge yourself in the exquisite brew selection perfectly allied with tantalising delicacies. Following the delectable meal, you can satisfy your sweet tooth with an array of succulent desserts such as fluffy cakes and decadent creamy ice cream.

The Roadhouse team believes that its customer demand and love come from a commitment to quality, which also sets them apart from the pizzerias in Nepal. At Roadhouse, your expectations are met with first-rate hospitality by the team's courteous, amiable, and compassionate members.
